

# CAMS/PUMC INSTITUTE RECRUITMENT SHOWCASE

Wednesday 10<sup>th</sup> June 2026  
14:00 - 17:00

Spaces are limited - register now!

Event is open to individuals interested in pursuing postdoctoral research or applying for tenure-track academic positions in China.

## CAMS/PUMC Institutes Attending:

- Institute of Hematology & Blood Diseases Hospital
- Institute of Basic Medical Sciences
- National Institute of Pathogen Biology
- Institute of Medical Biology
- School of Population Medicine and Public Health

Location:  
NDM Research Building  
Old Road Campus  
Oxford, OX3 7FZ

Hosted by:

CHINESE ACADEMY of  
MEDICAL SCIENCES  
OXFORD INSTITUTE

## Wednesday 10<sup>th</sup> June 2026

### 14:00 - 17:00

Time	Presentating Insitute
14:00 - 14:20	Institute of Hematology & Blood Diseases Presenter: Prof. Hong Wang
14:20 - 14:40	Institute of Basic Medical Sciences Presenter: Prof. Qianben Wang
14:40 - 15:00	National Institute of Pathogen Biology Presenter: Prof. Yuelong Shu
15:00 - 15:20	Institute of Medical Biology Presenter: Prof. Youchun Wang
15:20 - 15:40	School of Population Medicine and Public Health Presenter: Prof. Zhongjie Li
15:40 - 16:00	Refreshment Break
16:00 - 17:00	Institute Speed Dating

**Location:**  
NDM Research Building  
Old Road Campus  
Oxford, OX3 7FZ

**Breakout spaces available**  
for discussions with  
individual institutions  
across the afternoon

# CAMS/PUMC INSTITUTE RECRUITMENT SHOWCASE

Hosted by:

Institute of Hematology & Blood Diseases Hospital

Chinese Academy of Medical Sciences & Peking Union Medical College

Open to individuals interested in pursuing postdoctoral research or returning to China to undertake clinical or basic research in haematological diseases.

Relevant disciplinary backgrounds include, but are not limited to:

Clinical Medicine (Internal Medicine, Paediatrics, Intensive Care Medicine, Stem Cell and Regenerative Medicine, Clinical Pathology, Laboratory Medicine and Diagnostics), Basic Medical Sciences (Immunology, Pathology and Pathophysiology, Radiation Medicine), Nursing, Cell Biology, Pharmaceutical Sciences, Biostatistics, Epidemiology and Health Statistics, as well as emerging interdisciplinary fields such as Gene Editing, Biomedical Engineering, Gene and Cell Therapy, Multi-omics, Healthcare Big Data and Artificial Intelligence, Computational Biology, Bioinformatics, and Biomedical Materials and Devices.

## Institute of Basic Medical Sciences

The Institute of Basic Medical Sciences, Chinese Academy of Medical Sciences & Peking Union Medical College, invites outstanding scientists to apply for tenure-track or tenured faculty positions at the Assistant Professor, Associate Professor, and Full Professor levels. We seek innovative investigators in basic medicine, biomedical sciences, disease mechanisms, biomedical engineering, AI-driven biology, translational medicine, and related interdisciplinary areas. Successful candidates will receive competitive start-up support, independent laboratory space, access to national research platforms, and opportunities to build internationally competitive research programs within China's leading medical research and education institution. We warmly welcome talented scholars trained at Oxford and other world-class institutions to join us in advancing original discovery, technological innovation, and medical translation.

中國醫學科學院北京協和醫學院  
病原生物學研究所

NATIONAL INSTITUTE OF PATHOGEN BIOLOGY, CAMS&PUMC

Open to early-career researchers interested in undertaking postdoctoral research, research or technical positions at our institute, as well as individuals intending to apply through our institute for the Overseas Outstanding Young Scholar programme or tenure-track academic positions. Relevant disciplinary backgrounds include, but are not limited to:

Microbiology, Pathogenic Biology, Virology, Immunology, Epidemiology and Health Statistics, Structural Biology, Bioinformatics, Biochemistry and Molecular Biology, Laboratory Animal Science, Biological Products (including innovative vaccines and adjuvants), and other areas of Computer Science and Technology (such as Artificial Intelligence and Biological Computing).

# CAMS/PUMC INSTITUTE RECRUITMENT SHOWCASE

Hosted by:

INSTITUTE OF MEDICAL BIOLOGY  
CHINESE ACADEMY OF MEDICAL SCIENCES

The Institute of Medical Biology Chinese Academy of Medical Sciences invites applications from outstanding scholars across all disciplines of medical and health sciences for postdoctoral positions and tenured/tenure-track faculty appointments.

We welcome candidates with expertise in but not limited to: Basic Medicine, Clinical Medicine, Biology, Biomedical Engineering, Public Health and Preventive Medicine, Pharmacy, Chemistry, Veterinary Medicine, Statistics, etc.

中國醫學科學院 北京協和醫學院  
羣醫學及公共衛生學院

The School of Population Medicine and Public Health is open to individuals interested in pursuing postdoctoral research or applying for tenure-track academic positions.

Relevant disciplinary backgrounds may include, but are not limited to:

Population Medicine, Public Health and Preventive Medicine, Basic Medical Sciences, Clinical Medicine, Biology, Biomedical Engineering, Sociology, Political Science, Economics, Computer Science and Technology (including Artificial Intelligence), Ethics, Law, and related fields.
